Entirely crafted from Grenache Noir rooted in calcareous bedrock strewn with galets roulés, the 2023 Le Coeur de l'Ange is more perfumed and vibrant than its sibling, unfurling in the glass with aromas of dark berries, wild cherries, crushed flowers and exotic spices. Medium- to full-bodied, layered and sappy, it's built around an assertive tannic chassis, its fleshy core of fruit partially framed by notes of new oak. While the élevage currently makes its presence felt, the underlying substance and energy suggest that with a few years in bottle, this will evolve into a characterful and complete expression of Grenache from this terroir.
